AGLOCATALANA DEL SURO, S.L. is a company dedicated to the manufacture and commercialization of agglomerated and technical plugs, both in the form of semi-finished and finished plug prepared for bottling.

Thus, the company has implemented a Quality Management System based on the ISO 9001:2015 standard as a concept of continuous improvement, optimizing the requirements, resources, flexibility of the services and the good attention of the interested parties, attending to its degree of satisfaction. In addition, it identifies and manages the risks in order to prevent possible situations that affect the product quality.

The board, based on basic pillars such as product quality, customer satisfaction and the continuous improvement of the efficiency of the System, is responsible for establishing the principles, setting the objectives in terms of quality and guaranteeing the resources needed to achieve them.

The board of AGLOCATALANA DEL SURO S.L. is committed to ensuring good professional practice and the quality of goods and services within the Quality Management System as well as the compliance with the regulation in force and the requirements of the stakeholders.

The Management System is appropriate to the purpose and context of the Organization and supports the strategic management.

The board controls, confirms and notifies all the documentation and requests all the personnel to assume the commitment with the Quality Management System to foster the continuous improvement of the system.

Quality policy is periodically reviewed and communicated to all the company's personnel and is publicly available. Periodically, it is released to all relevant stakeholders.

The board is committed to managing the continuous monitoring and review of the abovementioned and of the defined objectives, delegating to the Quality Responsible the functions of management and monitoring of the Quality Management System.
